This mountain presents, from most angles, a "stepped" appearance due to the double peaks and the pinnacles on the side. It is fairly isolated from the surrounding mountains, though connected to Mt. May, 3 miles W.S.W., by a low ridge. It is dry open forest: The eastern side is fairly precipitous, but slopes away gently to the west. The Mountain is noted for its wildflowers

MEETING FEATURES:

The feature for the September Meeting will be the showing of the complete film of the Club Hut Construction. Keith Condon has been working on the arrangement of this film and the sound effects for quite some time and, knowing his skill with a camera, we are looking forward to seeing an excellent film. For all those who were at the opening here's your chance to see yourself in the movies.

The feature for the October Meeting will be Club Candid. This is the night we prepare for all year. Always on the look out to catch our friends at the most opportune moments while still keeping out of range ourselves. Start sorting all your most scandalous slides and don't spare anyone, even if they have paid you blackmail. Anne, Therese and Denise will be the censors so, if possible, please hand them in at the next meeting so they can be sorted.

The November meeting is set aside for our Annual Photographic Competition. There will be three sections, General, Activities & Characters. The entry fee will be 5c. per slide and a prize of \$2.00 for each section, will be awarded.

FROM COMMITTEE:

Paul Wijngaarden is now one of the Federation delegates of the Club.

Congratulations to Mary Boland, Rita Dittman and Michael Grigg on being elevated to the ranks of Full Members.
